Membership Information Management

Once a member completes the application form, they gain immediate access to their personalized dashboard in the member portal. All submitted details are seamlessly synchronized with the company's CRM database.

The image displays two overlapping user interfaces. The background interface is a member portal dashboard for 'Tim David', a CA Member. It features a profile section with a 'REQUEST REFUND' button, an 'Invoices' section with a 'REQUEST REFUND' button, and a sidebar with navigation options like 'Dashboard', 'Application', 'Profile', 'Queries', 'Member Compliance', and 'Complaint'. The foreground interface is the Dynamics 365 CRM 'Sandbox' environment, showing a 'Tim David - CA Membership' record. The record includes fields for Application Name, Contact, Surname, Initials, Fore Name, Title, Preferred Name, Maiden Name, Gender, Date Of Birth, and Case. It also displays a 'Supporting Documents' section with a table for document management.

| Name | Type | BlobURL | Created On |

When a member completes a payment through the portal, the transaction details are automatically updated in the CRM system.

The image shows a PayU payment portal on the left and a CRM transaction details window on the right. The PayU portal displays a card payment form for a Visa card. The card number is 4000019542438801, the card holder name is Tim, and the amount due is R14365.50. The CRM window shows the transaction details for PYMTCC-0000002544, which is a reconciled transaction. The transaction details include the payment number, credit card batch, merchant reference, customer name (Tim David), paid amount (R14 365,50), balance amount (R14 365,50), refund amount, advance payment (No), and invoice number. The CRM window also shows a table for transfers, which is currently empty.

The member tool lets you save customer cards as well as shipping details for future orders. All sensitive data remains hidden through token generation.

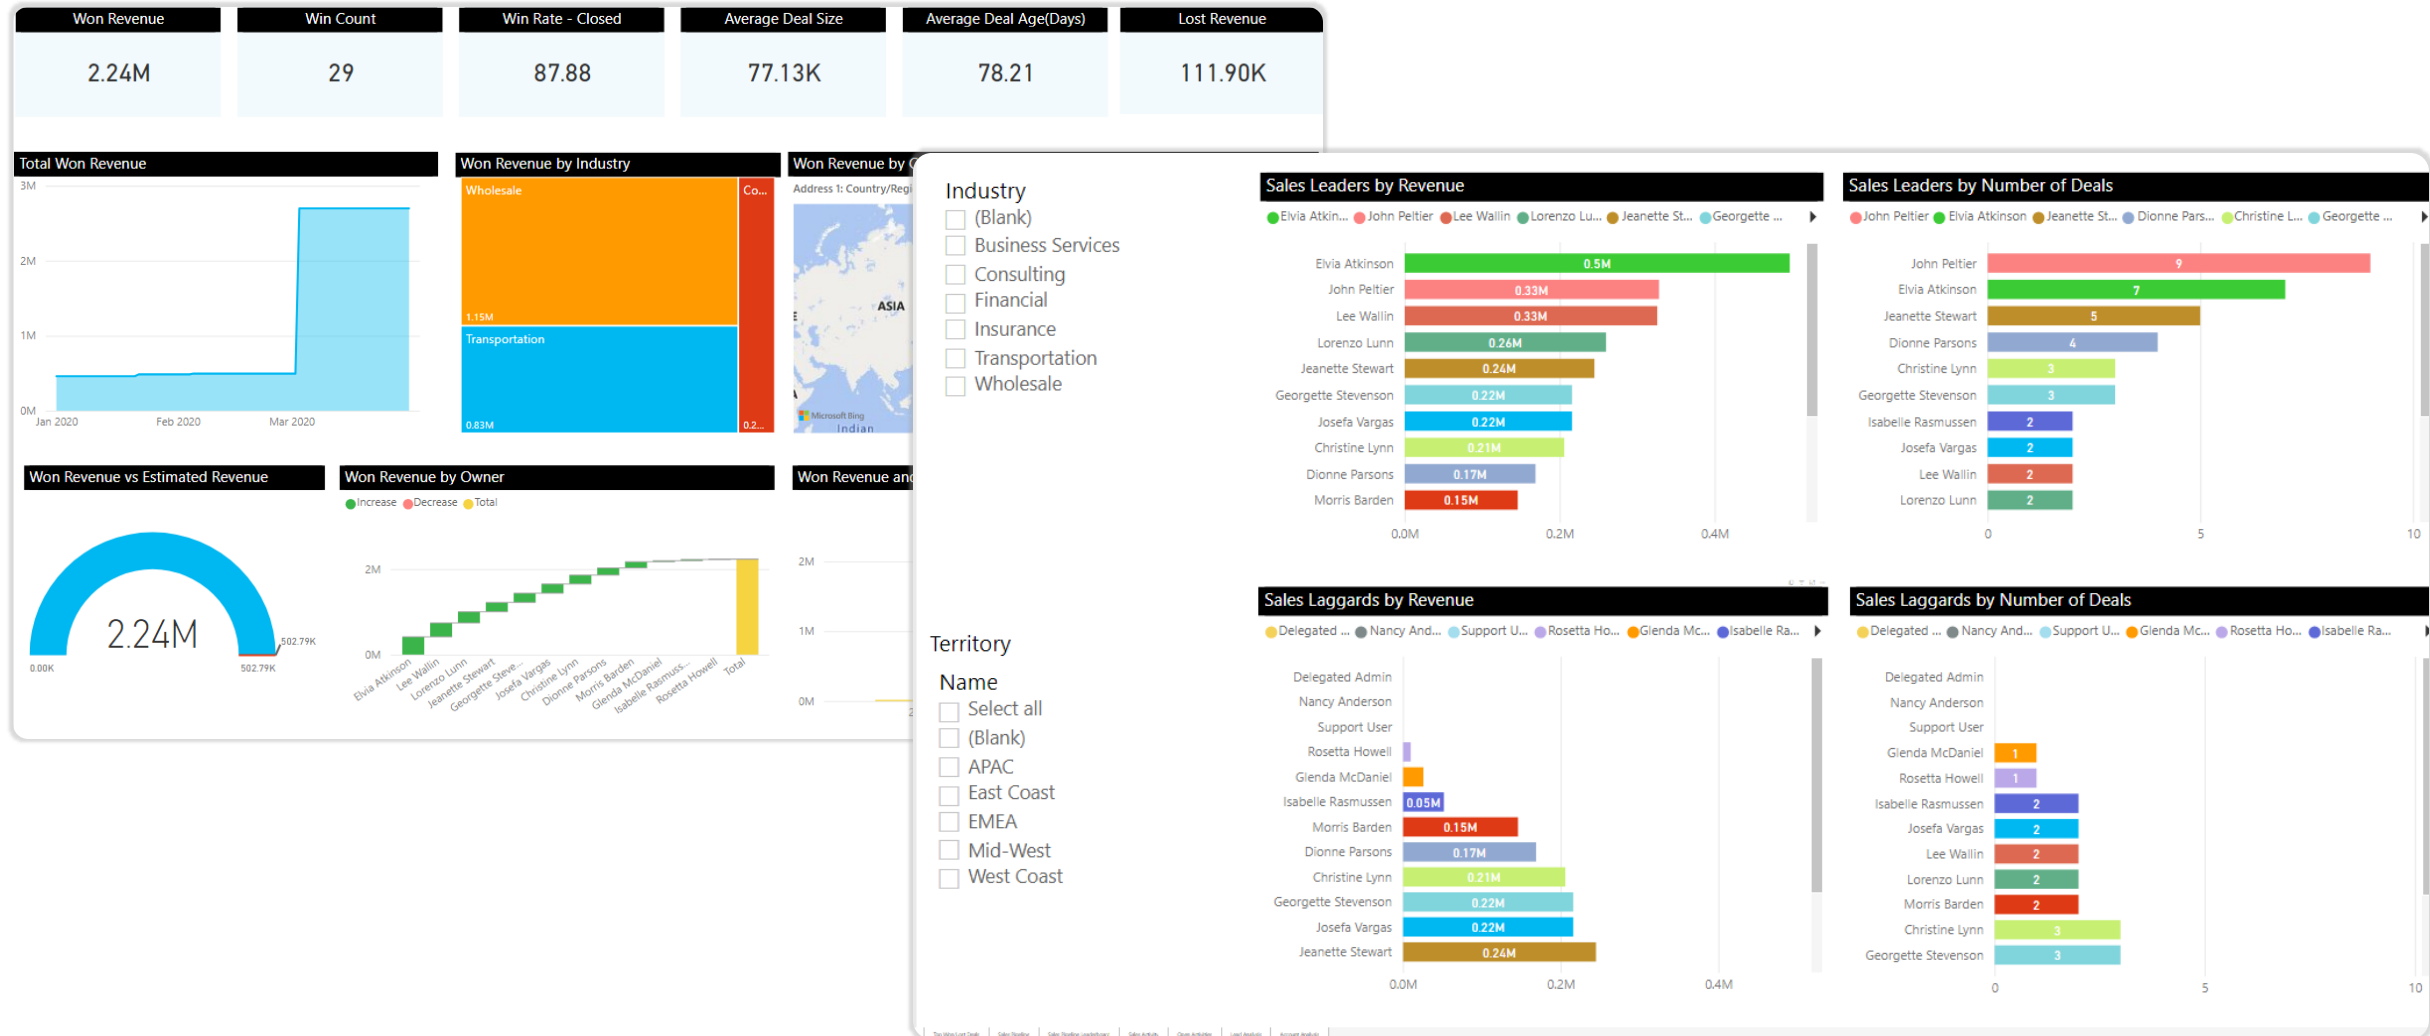

The image displays two overlapping screenshots from the Dynamics 365 application. The background screenshot shows the 'Dual-write' tool for 'Vendors V2 (sc_vendors)', mapping various data fields from a source system to a target system. The foreground screenshot shows the 'Contract Management' form for 'HDFC Bank Ltd', which is a 'Saved' record. The form is divided into several sections: 'Counterparty details', 'Contact Details', 'Address Details', and 'BBBEE Details'. The 'Counterparty details' section includes fields for Counterparty Account, Counterparty Name, Counterparty Type, Group, Company Registration Id, and On Hold status. The 'Contact Details' section includes Contact Name, Contact Number, and Email Address. The 'Address Details' section includes Purpose, Description, Street, City, Province, Country, and Postal code. The 'BBBEE Details' section includes BBBEE Contributor and BBBEE Expiration Date.
