

Dynamics 365 + Azure Blob Storage Integration

**Simplify File Management. Improve Accessibility.
Scale Securely!**

DynaTech's custom tool for **Dynamics 365 CRM** and **Azure Blob Storage** streamlines security, performance, and data access.

Key Features

Azure Blob Storage Integration

Feature: Effortlessly upload files from Dynamics 365 CRM to Azure Blob Storage.

Benefit: Securely store and manage files in Azure Blob Storage, ensuring scalable storage and easy accessibility within Dynamics 365 CRM.

Drag and Drop Upload

Feature: Simplified drag-and-drop functionality for file uploads within the CRM.

Benefit: Enhance the user experience with quick and intuitive file uploads, reducing manual effort and saving time.

Centralized File Access

Feature: Access a centralized repository for all files directly within Dynamics 365 CRM.

Benefit: Eliminate the need to navigate to Azure Blob Storage, making file retrieval quicker and more convenient for users.

Automated File Management

Feature: Automatically manage and delete files from Dynamics 365 CRM.

Benefit: Keep your CRM clean and organized by removing obsolete files with ease, ensuring efficient file management.

Integrated Download

Feature: Download files from Azure Blob Storage directly through the CRM interface.

Benefit: Seamlessly retrieve files without leaving the CRM environment, simplifying workflows and improving productivity.
