

Shipping Connector for D365 CE

Seamless Shipping Automation & Carrier Integration for Dynamics 365 CE

DynaTech's Shipping Connector integrates UPS, FedEx, and USPS directly into Dynamics 365 CE, enabling businesses to automate logistics, ensure accurate shipping costs, and provide real-time visibility. It reduces manual effort, minimizes errors, and streamlines end-to-end shipping processes for greater efficiency and customer satisfaction.

> MULTI-CARRIER INTEGRATION

Feature: Connect and manage UPS, FedEx, and USPS accounts by company, warehouse, or customer.

Benefit: Simplify logistics by consolidating carrier operations into a single Dynamics 365 CE environment.

> SMART RATE & CHARGE MANAGEMENT

Feature: Compare carrier rates, apply contract pricing, and add insurance or handling charges.

Benefit: Optimize shipping costs while maintaining full control over charges and margins.

> FLEXIBLE SHIPPING OPTIONS

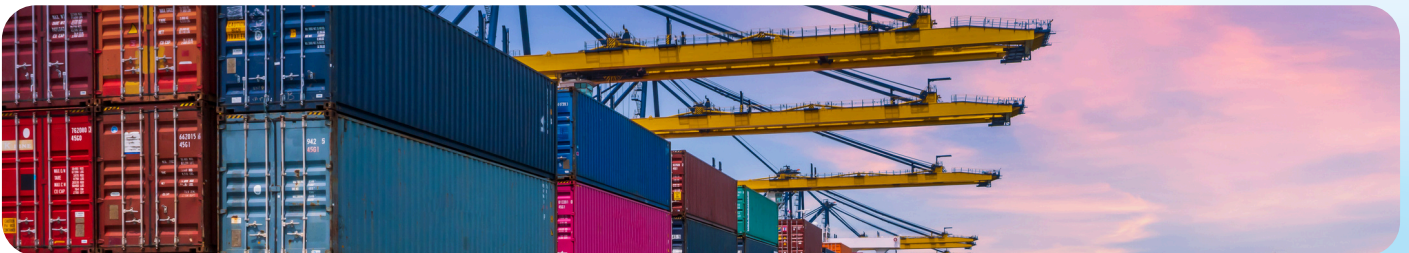

Feature: Ship single or multiple boxes, process multiple sales lines, and update dimensions/weights dynamically.

Benefit: Adapt to diverse shipping requirements with greater accuracy and flexibility.

> END-TO-END SHIPMENT CONTROL

Feature: Generate labels, schedule or cancel pickups, reverse charges, and track shipments in real time.

Benefit: Gain complete control and visibility across every stage of the shipping lifecycle.
