Microsoft Cloud for Healthcare Care Team Collaboration

Healthcare teams need unified, real-time insights to make timely decisions. Traditional systems create silos—slowing care delivery and reducing patient engagement. With Microsoft Cloud for Healthcare, care teams gain a connected view of patient health data—enabling collaboration, proactive care planning, and improved outcomes.

Teams Templates & Shifts Management

Create dedicated care Teams with prebuilt templates, while managing schedules, time-off requests, and shift swaps efficiently.

Secure Messaging & Media Sharing
