Microsoft Cloud for Healthcare Payor and Membership

Transforming Payor Operations with Microsoft Cloud for Healthcare

Microsoft empowers payors to deliver seamless member experiences, modernize outreach, elevate workforce collaboration, and unify siloed systems with AI and automation.

Exceptional Member Experiences

Provide members with AI-driven self-service portals, chatbots, and live agent support for faster resolutions.

Workforce Collaboration Tools

Connect claims and care teams in secure Teams workspaces with automated summaries and analytics.

Modernized Payor Campaigns

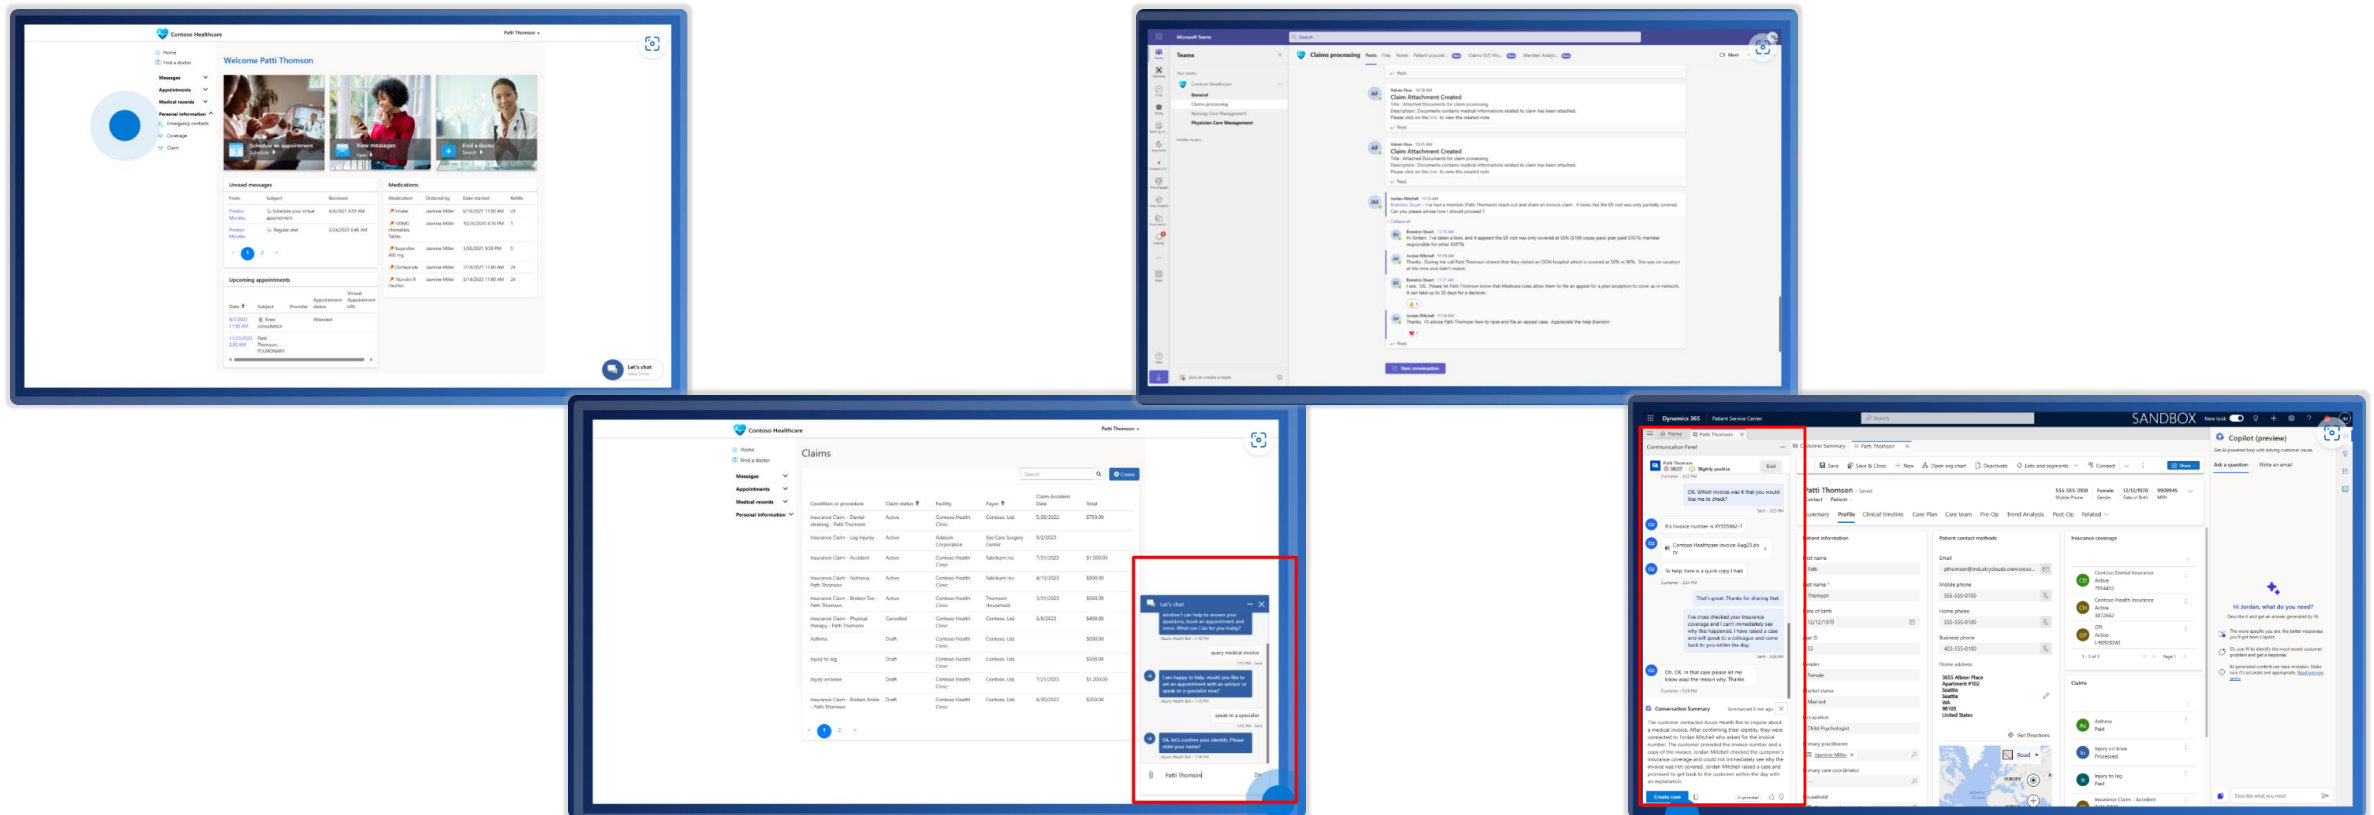

Use segmentation, Copilot, and Journey Creator to design personalized wellness programs and campaigns.

Unified Data with Microsoft Fabric

Break down silos by integrating member, claims, and population health data for predictive insights.

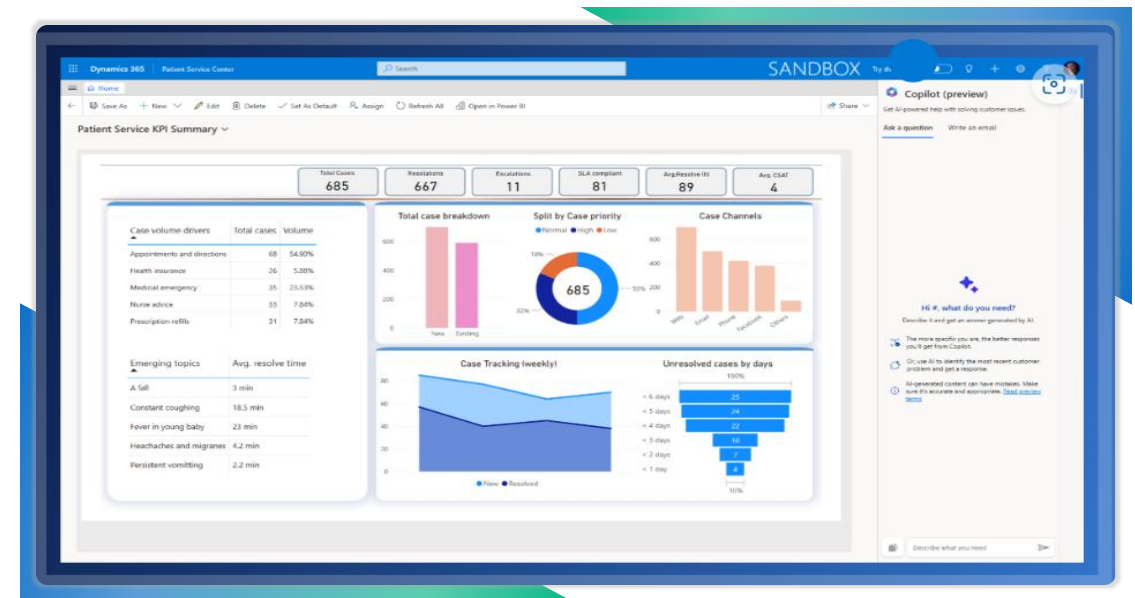

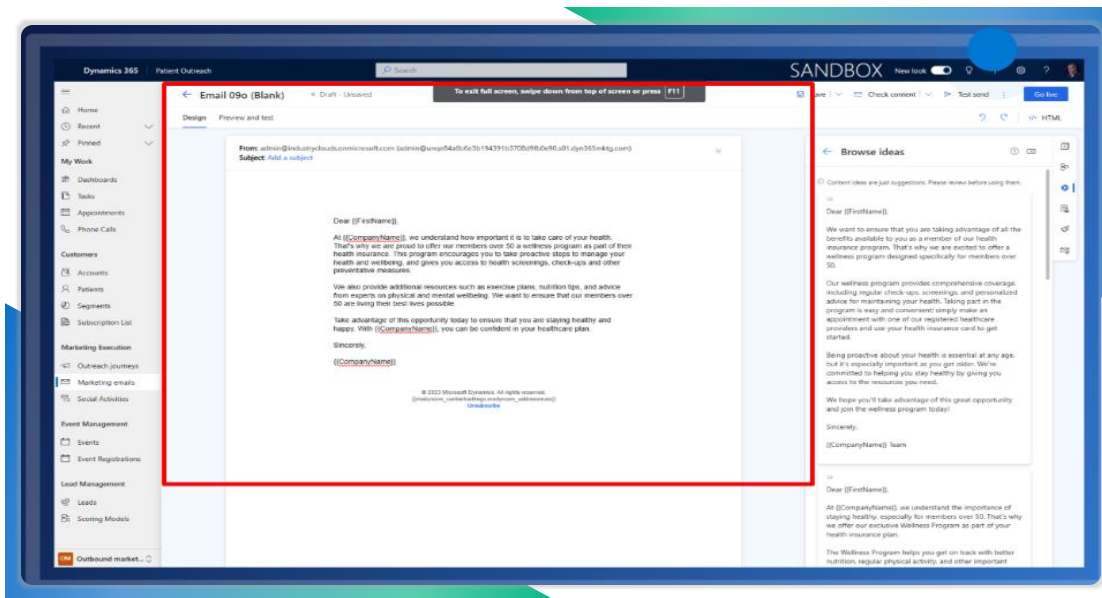

Smarter, More Supportive Engagement

- ◆ AI-powered self-service portal with benefits, claims, and care view
- ◆ Azure chatbot escalates cases to live agents for complex issues
- ◆ Copilot generates smart call summaries and sends resources instantly

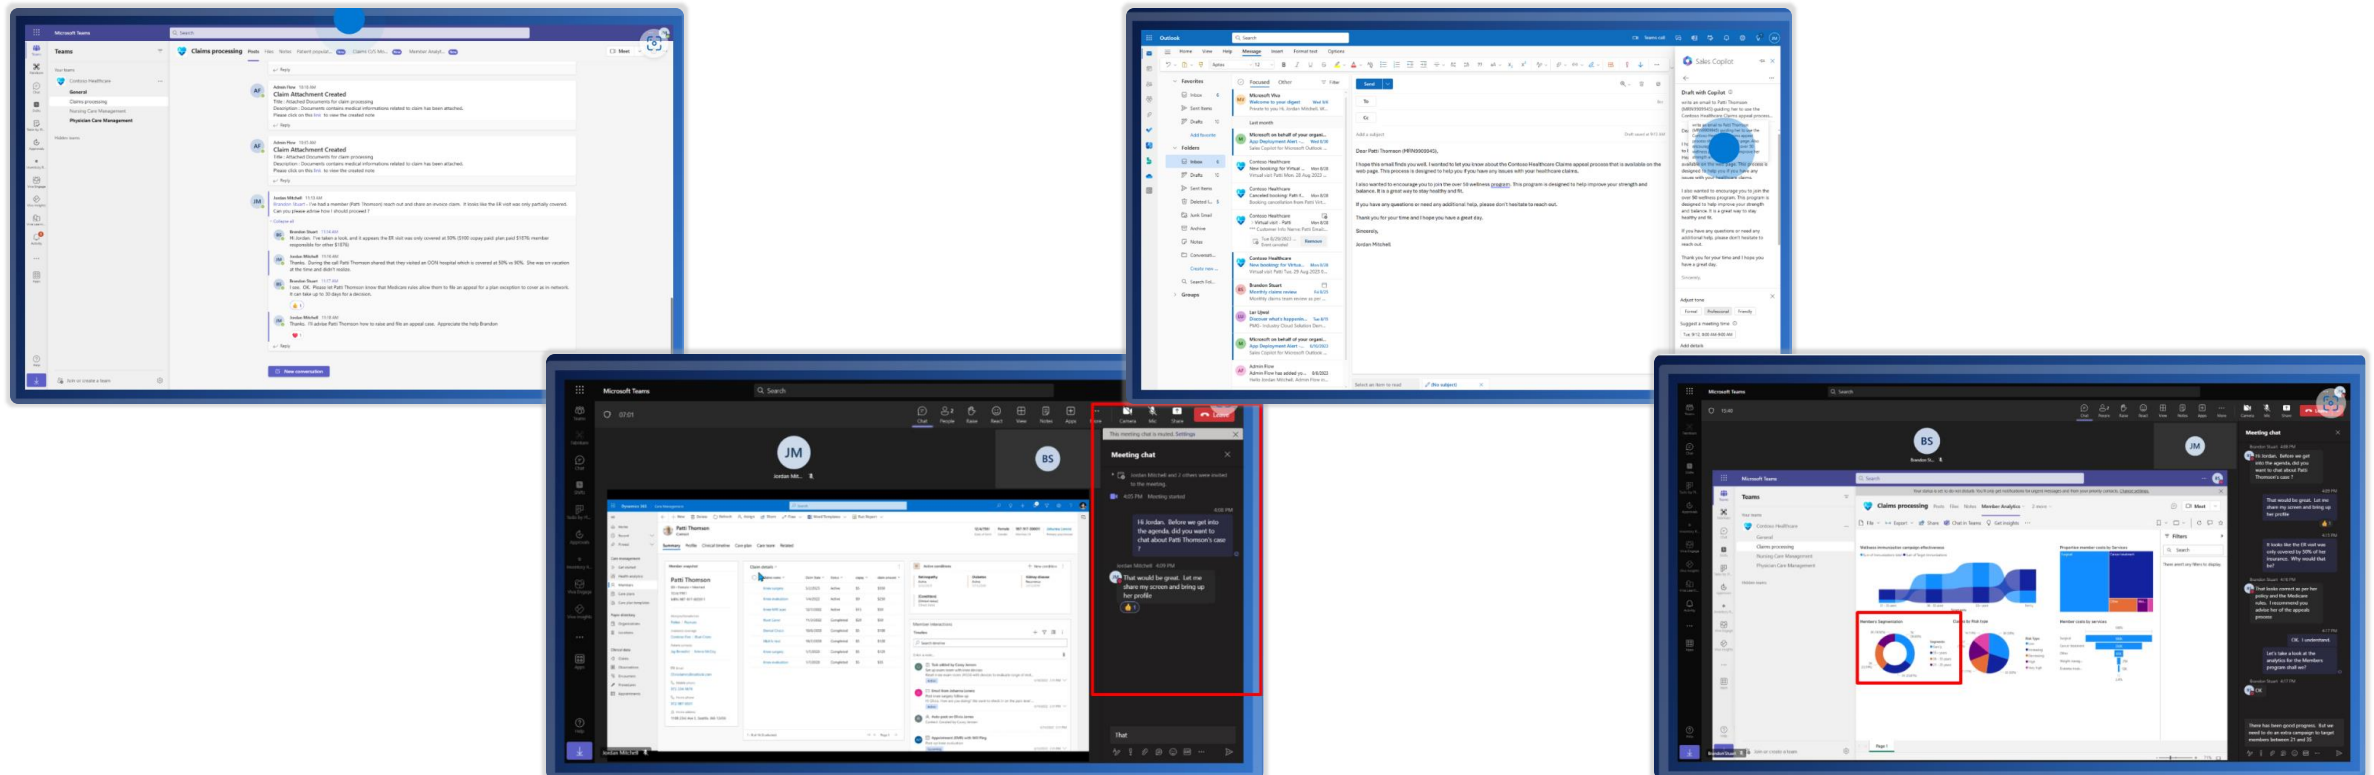

Personalized Wellness and Outreach

- ◆ Segment members for targeted wellness programs (e.g., Over 50 Program)
- ◆ Copilot generates campaign content in seconds
- ◆ Journey Creator launches automated, personalized campaigns

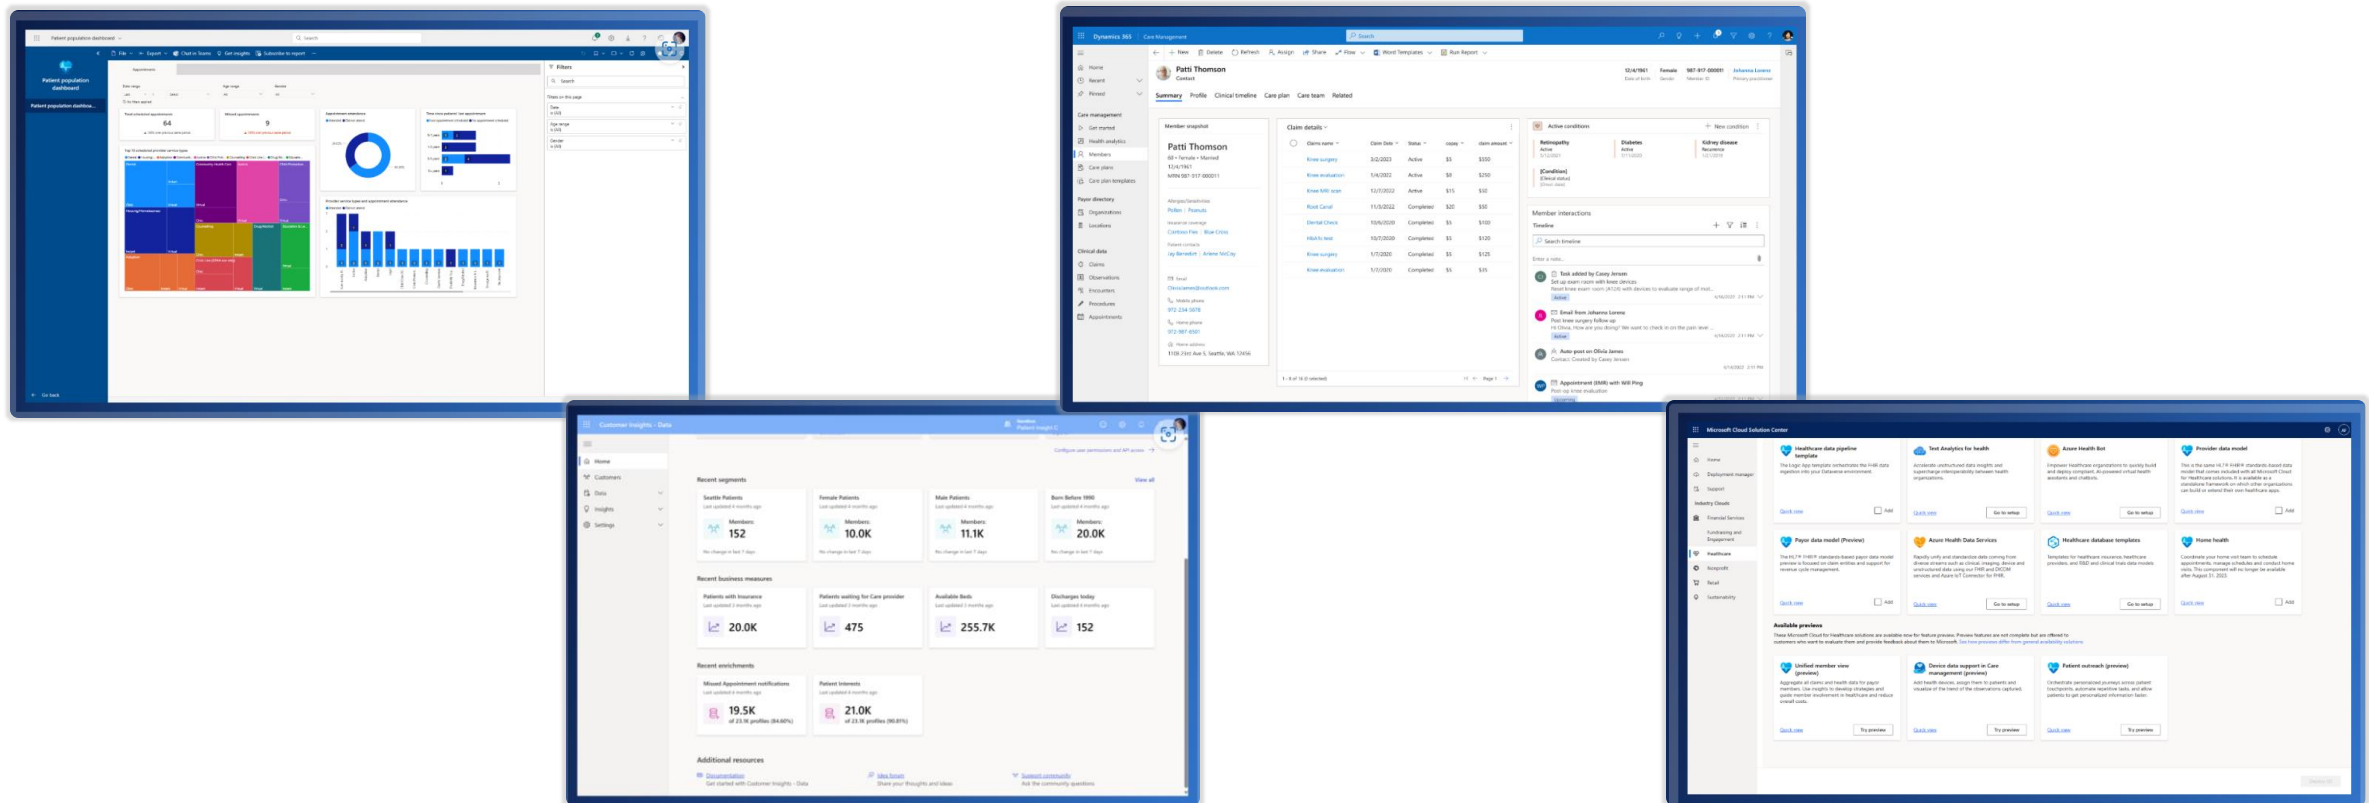

Connected Teams Across Claims and Care

- ◆ Secure Teams workspaces for cross-department collaboration
- ◆ HIPAA-compliant case review meetings with shared insights
- ◆ Copilot generates summaries with action items for alignment

End-to-End Data Integration

- ◆ Use Fabric to unify claims, member, and population health data
- ◆ Segment and predict health risks with AI-driven models
- ◆ Identify best practices and prevent fraud with cross-facility comparisons
