

Dynamics 365 + Azure Blob Storage

Integrating Dynamics 365 CRM with Azure Blob Storage has historically been a complex challenge due to security, performance, and user experience hurdles. Our custom tool seamlessly overcomes these obstacles to help you achieve:

**Enhanced
Efficiency**

**Improved
Accessibility**

**Scalable and
Secure Storage**

Features

Azure Blob Storage Integration

Upload files from Dynamics 365 CRM directly to Azure Blob Storage for secure and scalable management.

Centralized File Access

Access and manage files within a centralized repository in Dynamics 365 CRM without navigating to Azure Blob Storage.

Drag-and-Drop Upload

Easily upload files with a drag-and-drop feature within Dynamics 365 CRM.

Automated File Management

Delete files from Azure Blob Storage directly through Dynamics 365 CRM for efficient management.

Integrated Download

Download files from Azure Blob Storage directly to your local system via Dynamics 365 CRM.
