Association Governance & Leadership

Powered by DynaTech & Microsoft Dynamics 365

DynaTech | Systems

Transform Governance & Community Oversight

DynaTech's Association Management capabilities empower associations, societies, and membership-driven organizations to streamline operations, support governance, and foster stronger community engagement.

DynaTech | Systems

01 **Chapters, Groups & Committees**

Manage chapters, regions, and special interest groups with leadership tracking, community engagement, and reporting.
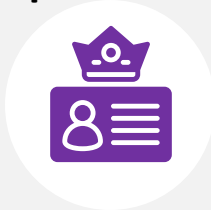

02 **Clubs & Community Structures**

Allow members to form clubs or request new communities aligned with shared goals.

03 **Corporate & Institutional Memberships**

Register organizations, manage employee accounts, assign membership plans, and track renewals.

04 **Performance Dashboards**

Monitor growth, engagement, and financial health of chapters and groups with Power BI.

Provide centralized oversight of chapters and committees with real-time data on leadership, engagement, and participation.

| Assign and track leadership roles across chapters and committees. | Enable automatic or manual grouping of members by region, interest, or institution. | Track chapter activities such as events, communications, and participation trends. | Maintain historical records of leadership changes and governance decisions. | Improve engagement by offering members the ability to join groups or committees via the member portal. |

DynaTech | Systems

Enable members to propose and form clubs around shared professional or social interests. Streamline approval, visibility, and oversight while encouraging grassroots participation.

Member-driven proposals for new clubs submitted through the portal.

Clubs can be linked to chapters, regions, or special projects to strengthen engagement.

Admin and leadership review workflows for approval and publishing.

Monitor activity levels to identify active vs. dormant clubs and reallocate resources effectively.

Club leaders can manage their rosters, activities, and communication independently.

DynaTech | Systems

Support organizational memberships with robust features to manage employee rosters, entitlements, renewals, and consolidated reporting.

01
› Create and manage organizational accounts representing corporations, nonprofits, or academic institutions.

02
› Assign employee contacts to organizational memberships with role-based entitlements.

03
› Configure membership plans for bulk pricing, seat allocations, and renewal rules.

04
› Track organizational participation in events, certifications, and programs.

05
› Provide reporting dashboards to institutional members for insight into their employees' engagement.

DynaTech | Systems

Leverage Power BI dashboards to track growth metrics, member engagement, and financial contributions by chapter, region, or committee.

› Visualize active vs. inactive chapters and groups with drill-down options.

› Monitor event attendance, membership renewals, and revenue by region.

› Compare performance across multiple chapters or committees with benchmarking tools.
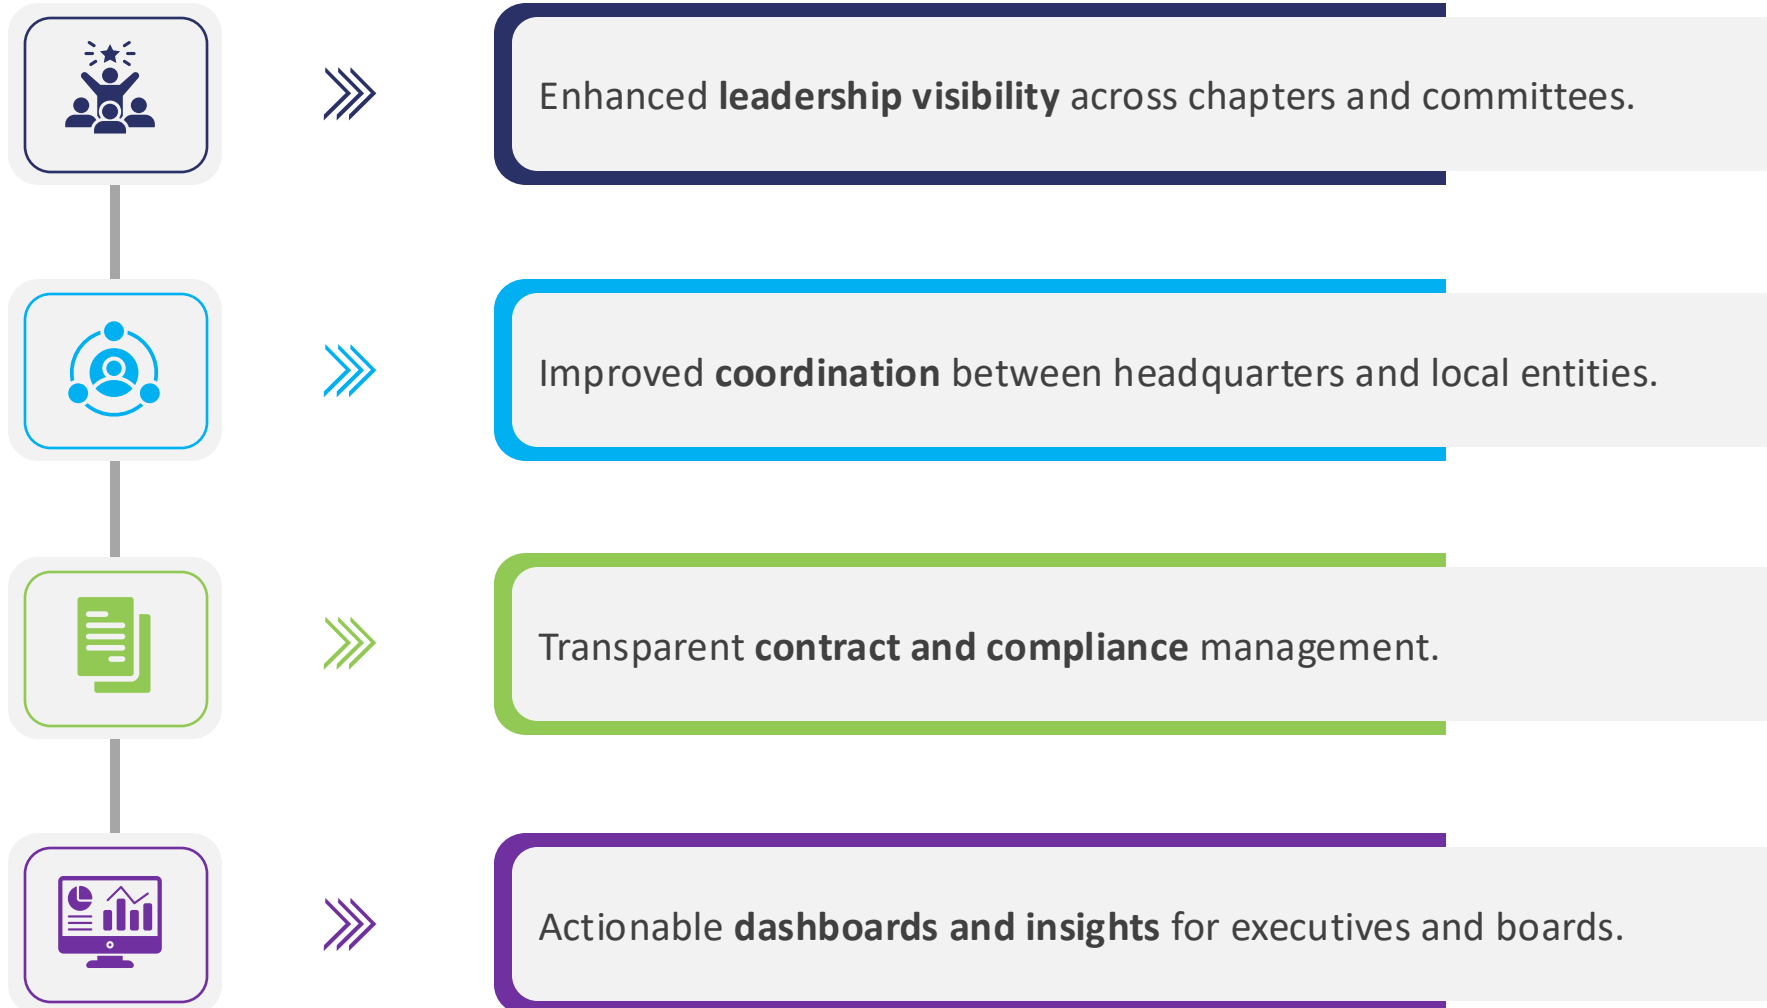

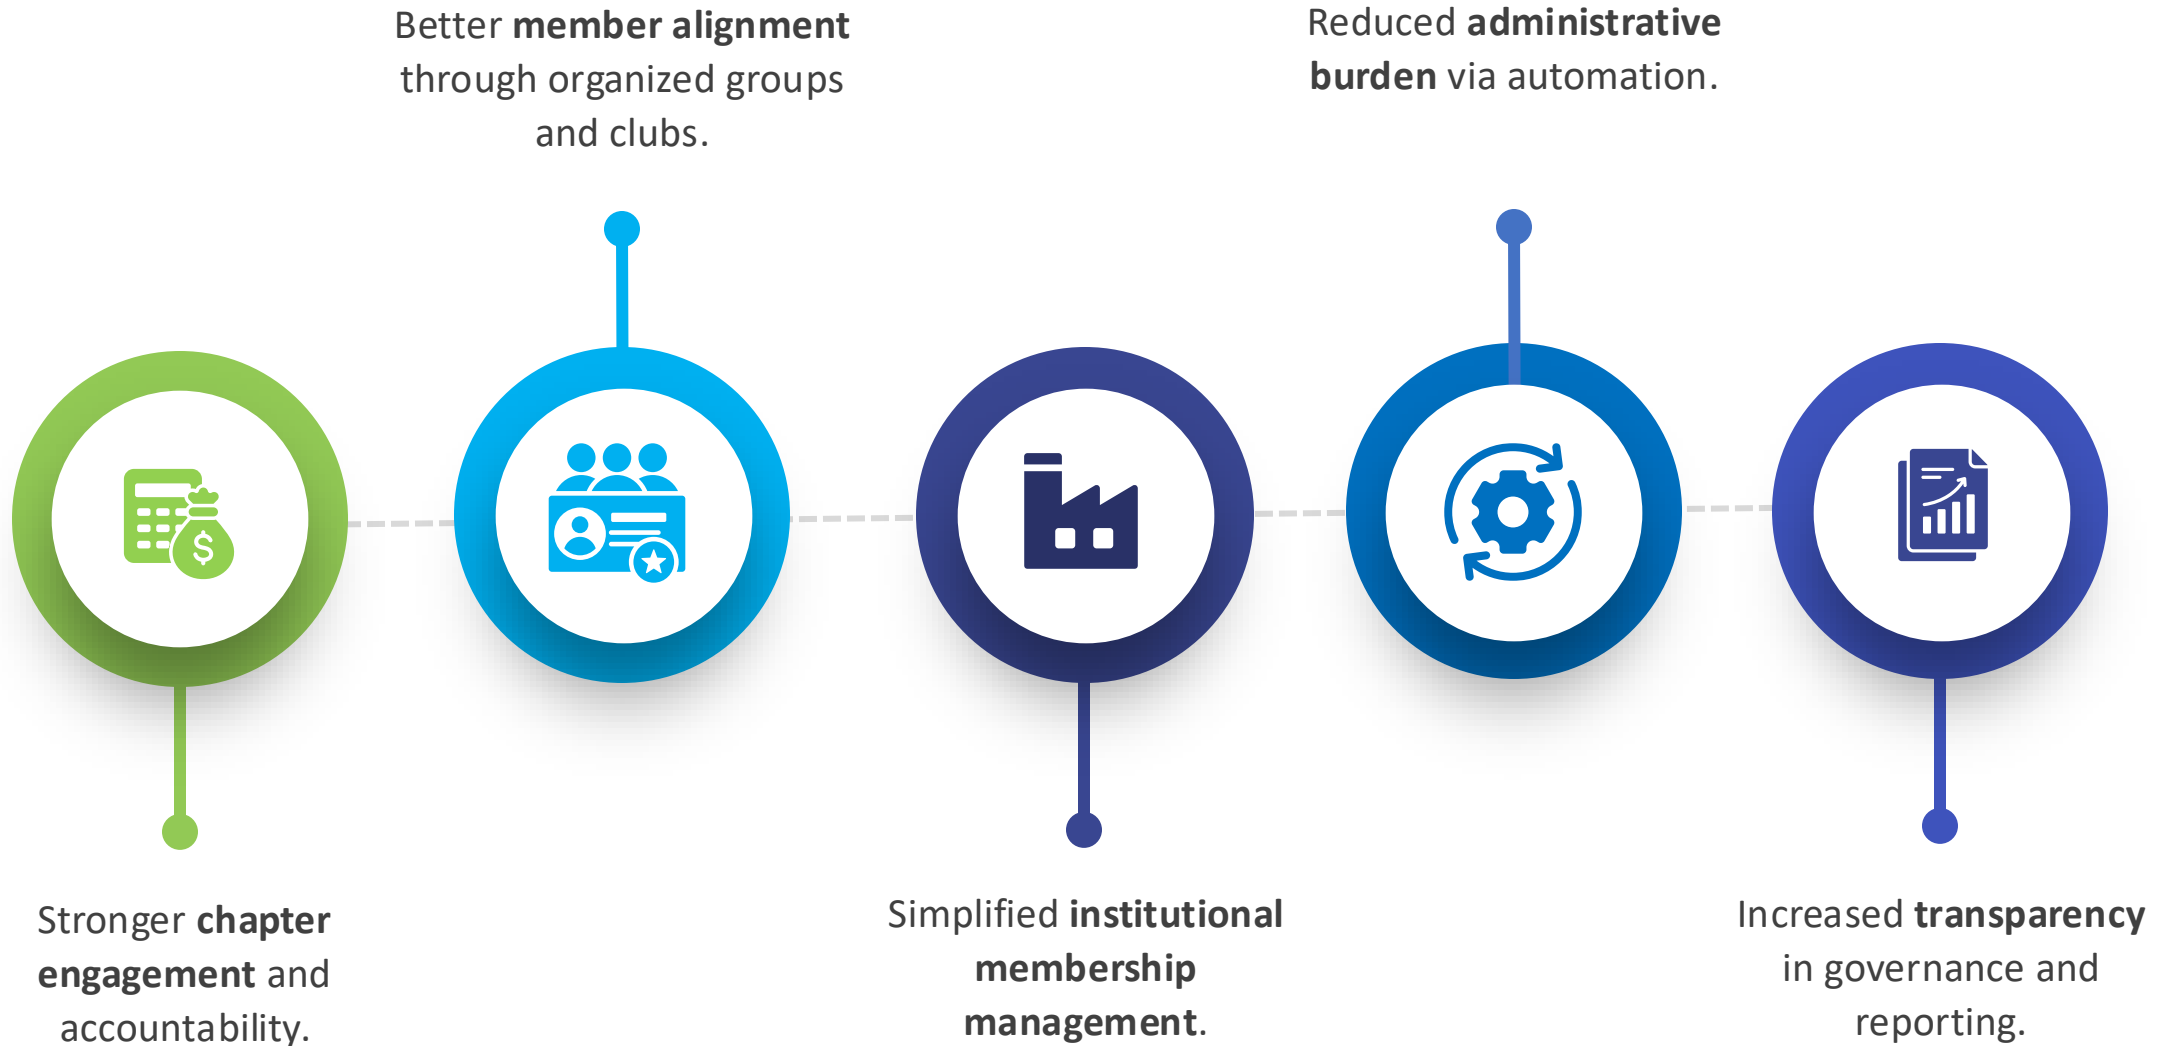

› Identify trends in engagement, leadership effectiveness, and financial contributions.

› Export dashboards and reports for leadership reviews or board presentations.

DynaTech | Systems

Support better governance, structured collaboration, and transparent association operations.

Enhanced **leadership visibility** across chapters and committees.

Improved **coordination** between headquarters and local entities.

Transparent **contract and compliance** management.

Actionable **dashboards and insights** for executives and boards.

Better **member alignment** through organized groups and clubs.

Reduced **administrative burden** via automation.

Stronger **chapter engagement** and accountability.

Simplified **institutional membership management**.

Increased **transparency** in governance and reporting.
