Learning & Credentialing

Powered by DynaTech & Microsoft Dynamics 365

Empower Lifelong Learning and Credentialing

Provide associations with end-to-end certification and education capabilities—from exam delivery to CEU/CPD tracking—while offering members personalized learning pathways.

End-to-end credentialing management with eligibility, renewals, and tracking.

Certification Programs

Manage professional exams including scheduling, eligibility, results, and publishing.

Exam & Assessment Automation

Provide guided career or competency-based learning journeys.

Courses & Learning Pathways

Secure and automated assessments with real-time validation.

Online Testing

Issue verifiable digital credentials and certificates.

Badges & Certificates

Integrate seamlessly with LMS platforms for learning delivery.

LMS Integration

Monitor completion rates, trends, learner progress, and renewal cycles.

Analytics

Configure certification structures with prerequisites, validity periods, and renewal cycles.

Automate certification status updates in member records.

Provide visibility into active, expired, or pending certifications.

Publish program details and application workflows via the member portal.

Manage exam creation, scheduling, and candidate registration workflows.

Validate eligibility automatically through integrated member data.

Support multiple exam types: online, in-person, or hybrid.

Automate grading, result processing, and publishing to the member portal.

Reduce administrative work with workflows for rescheduling and cancellations.

Design structured learning journeys based on roles, industries, or competencies.

Bundle related courses into tracks with clear progression paths.

Provide CEU/CPD credit tracking for compliance.

Offer member discounts or bundled pricing for programs.

01

- › Deliver secure online exams with browser lockdowns and monitoring options.

02

- › Enable timed tests, randomized question pools, and automated scoring.

03

- › Provide instant feedback or publish results after review.

03

- › Record outcomes directly to member profiles.

› Generate digital certificates with secure QR-code validation.

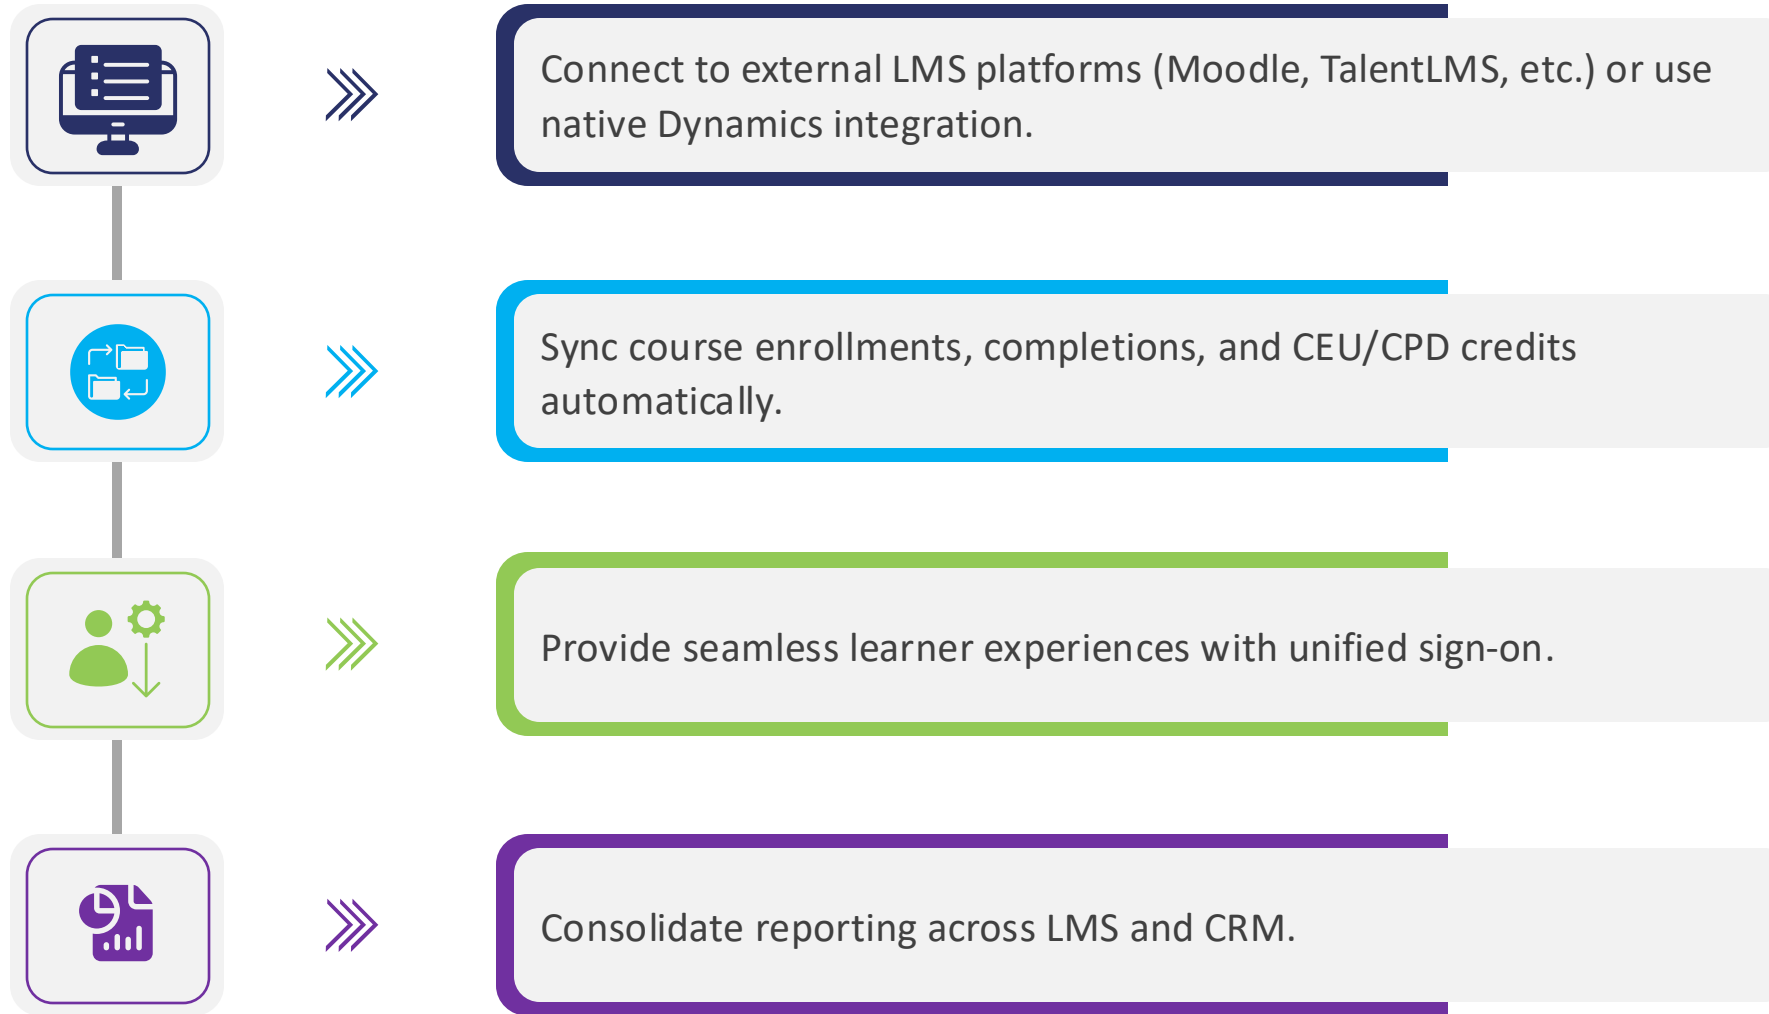

› Award badges for certifications, course completions, and achievements.

› Members can showcase credentials on LinkedIn or professional networks.

› Certificates available for download via the portal.

- › Power BI dashboards to monitor course enrollments, completion rates, and drop-offs.

- › Predictive analytics for learner success, certification renewal likelihood, or churn risk.

- › Track certification program performance by demographics or region.

- › Export data for compliance audits and board reporting.

Simplify credentialing, enhance compliance, and support professional growth.

Reduce manual workloads with exam automation.

Strengthen compliance by tracking CEU/CPD credits accurately.

Improve member experience with seamless certifications and learning pathways.

Increase engagement through professional development opportunities.

85% reduction in manual exam workflows, saving staff time.

Stronger member loyalty through professional development.

Improved compliance with industry and regulatory standards.

Additional revenue from courses, certifications, and renewals.
